

# Practical implementation of the Aarhus Convention: perspective of the civil society Croatia

Željka Leljak Gracin, lawyer

12th October 2021

# Aarhus in Croatia –2017 to 2021?

- ▶ Access to Information – some progress, old Regulation not in line with EPA, strange new formalities
- ▶ Public Participation – e-savjetovanja, „is it real participation”?, example of good practice – Karlovacka County
- ▶ Access to Justice – more cases, fast(er) but stranger decisions, can you go against the decision made by Government?; how can you prove your claims?

# Aarhus in Croatia – 2017 -2021?

- ▶ No Shadow report
- ▶ V. Implementation Report
- ▶ Croatian Agency for Environment and Nature
- ▶ Ministry of Economy and Sustainable Development
- ▶ SLAPP cases
